How to Use this Guide

Sections

This guide is set up in two sections.

The first section, Parks by City will allow the user to search for parks within the boundaries of their city, town, or census designated place.

The second section, Parks by Zip Code will allow the user to search for parks within, or near, their own zip codes. Both sections have the same park information.

Symbols

Next to each park, there may be a set of symbols (if there is no symbol, expect a picnic area park with no amenities). The symbols are as follows:
